

ABOUT US

Therasage is a socially conscious health consortium, that develops and cultivates the most advanced personal healthcare technology and applied health science applications available today.

The founders of Therasage discovered the many healing attributes and the enhanced synergistic effects of integrating Oxygen protocols into your established daily health routine.

TheraO³ Therasage known for its excellence in the development of light therapy devices, has developed a unique light source that can split an O² molecule into free O¹. Unstable O¹'s are looking to marry up with more stable O²'s to make a newly formed O³. Hence the birth of the TheraO³.

The history of Ozone Therapy dates back to the early 1950's in Germany and has since gained recognition in the United States as more physicians are understanding its health benefits. Studies have shown that as part of an overall integrative treatment plan, it produces positive outcomes for treating a variety of conditions and illnesses such as chronic fatigue syndrome, Lyme disease, fibromyalgia, cardiovascular disease, diabetes, chronic hepatitis, herpes, chemical sensitivities, macular degeneration, chronic bladder conditions, colitis, and Crohn's disease. The form of oxygen most people are familiar with is the kind in the air we breathe. It is the single most important nutrient for the health and wellness of our body. It exists as a pair of oxygen atoms and is the most stable form of oxygen O₂, as well as colorless.

Ozone, on the other hand, is a form of oxygen that is composed of three oxygen atoms O₃. It is the addition of the third oxygen atom that gives ozone its remarkable medical properties by making it a "supercharged" oxygen atom.

Ozone is found naturally in the body. In fact, our white blood cells make ozone as part of their immune response when we don't feel well. By using Ozone Therapy you are essentially boosting your natural immune system, as well as, supporting your system in several other ways. It works very well for many chronic conditions associated with immune dysfunction, infections or inflammation.

PERSONAL OZONE DEVICE

"Portable and Affordable"

www.therasage.com

Ozone therapy is an alternative approach that is a very effective way to increase the amount of oxygen in the body and especially the blood concentration, through cellular infusion introduction of ozone. Ozone Therapy is a powerful treatment and healing protocol that anyone suffering with a chronic or acute health condition should strongly consider. Enhanced Oxygen treatment can quickly improve the function of the immune system, help detoxify the body & kill off harmful pathogens. It also has been known to enhance hair and nails grow stronger, longer and faster. Enriched Oxygen treatments may can make your skin to radiate and takes on a renewed healthy glow. Enhanced Oxygen in your blood can give you more physical energy and improve your ability to fall asleep faster and easier, with reports of more restful sleep as well.

THERA^{O₃} is the answer for a multi-purpose easy to use affordable portable Ozone device.

Oxygen Therapy has been viewed as one of Best ways to improve your health and longevity.

☀️ Bacterial Disease ☀️ Cardiovascular Disease ☀️ Diabetes ☀️ Lyme Disease
☀️ Viral Infections ☀️ Chronic Hepatitis ☀️ Herpes ☀️ Chronic Fatigue States
☀️ Candida ☀️ Macular Degeneration ☀️ Parasites ☀️ Chronic Bladder Conditions
☀️ Colitis ☀️ Auto-Immune Diseases ☀️ Crohn's Disease ☀️ Stimulates your mitochondria

THERA O₃

The Best **Natural** Way to Bring more Oxygen into your Body

Specifications:

Power: 110v / 220v

O₃: 30 min - 60 min timer

Ion: 20,000 normal air

Battery: Lithium Ion - Smart

Voltage: 5000 mAh

Charges: Micro plug
